## P3 Happenings

P3Software invites you to our new series of free Webinars. Join us at our first webinar on Thursday, September 14th at 12:00pm EST - where we will offer a P3Expeditor demo, including details of our most recent upgrades. What a great way to learn about this unique and effective print management system!

## Industry Spotlight

Visit P3Software at the Print Solutions 2006 conference - booth #441. This year's show is from October 3-5 in Rosemont, IL and we hope to see all of you there. We will be introducing some exciting new features for resellers and distributor. For more show info, [Click here](#).

Here is more trade show information - plan to get together with a large portion of the graphic arts industry at Graph Expo and Converting Expo 2006, October 15-18 in Chicago. [Click here](#) for show information.

## Did You Know . . .

### Facts and figures from P3

Here are a few P3Software facts that we will be sharing with our customers each month . . .

Since our inception in 2002, the P3Software system has experienced 99.99924% uptime for 52 months!

Based on a large random sampling, P3Expeditor users averaged a 7% savings per print job in the month of July - up from a 6% savings in the month of June. \*

The average bid variance in July (% difference between the average bid and lowest bid) was 29.37%. WOW...

Managing multiple bidding - just one of the many ways P3Expeditor helps you save money and manage your business!

Be sure to check out this section again next month for more useful facts and tips from P3Software.

\*Data is based on the average price of all quotes for a job compared to the price paid for a job.
